Support Stone Ranch Elementary School

## Looking for that worthy last minute 2008 tax deduction?

### \$200 Tax Deductible Donation

As you know appearing in the Trailblazer Business Directory requires participating in our \$1/Per Day Challenge. This is a tax deductible donation. Since you have already shown interest in being seen in the Trailblazer Business Directory, it just makes sense for you to meet this requirement before the year ends.

### Stone Ranch Elementary School Foundation

Make this donation before year end and do your part to make a huge impact at our school to fund physical education, music, and science and technology programs. Your SR Foundation is committed to providing all students of this school community with an enriched education. The Stone Ranch Elementary School Foundation is a tax-exempt, non-profit organization dedicated to raising funds to cover programs not currently funded by the school budgets, grants or PTA. The SR Foundation Board works with the Stone Ranch teachers and principal to determine the needs of the school and to raise funds to support these programs.

### SR Foundation Goal

Our goal is to have each family attending the school contribute \$200 per child, or as much as you can afford. Approximately 1,000 students attend the school. Run the math. If we all buy into this campaign (\$1-per-day/approx. 200 days per year), our children will collectively enjoy school programs of a caliber offered at private schools costing thousands.

Visit our website at [www.StoneRanchFoundation.com](http://www.StoneRanchFoundation.com) to make your contribution today and for further details. We are always looking for people who want to join the Foundation and/or participate in our committees, so if you have time and interest, please let us know.

*Best wishes for the Holiday Season!*
